

WHAT HAPPENS NEXT?

- After we receive your certified Fuel Assistance Application with “YES” checked for weatherization, your name will be added to a Weatherization waiting list.
- Certification of income for this application is good for one year only. After 365 days, you must reapply.
- Once your application is selected, an energy auditor will call you to make an appointment for an energy audit. At the time of the appointment the auditor will do a full assessment of the energy efficiency of your home.
- The work that will make your home safe, comfortable, and energy efficient will be done by fully trained crews. They will come to your house to make energy saving improvements and repairs.
- Once completed the energy auditor will then return to your home to inspect the work that has been done to ensure it meets the New Hampshire Weatherization Standards.

The Weatherization Program is federally funded through the NH Office of Energy and Planning (OEP). The OEP works in conjunction with various other conservation programs funded by electric and gas utilities.

WEATHERIZATION ASSISTANCE PROGRAM

The Weatherization Program can help to reduce your energy usage and heating costs by offering
FREE
Energy Saving Measures.

SOUTHERN NEW HAMPSHIRE
SERVICES, INC.

WHAT DOES THE WEATHERIZATION PROGRAM DO?

Conducts an energy audit analysis of your home to address health & safety concerns and to determine energy conservation measures such as:

- Repairing, caulking, and weather stripping doors and windows.
- Wrapping hot water tanks with insulation.
- Hard pipe dryer exhaust vent to make drying safer and drying time more efficient.
- Install new bath fans.
- Refrigerator metering to see if it qualifies for FREE REPLACEMENT.
- Carbon Monoxide testing and detector installation.
- Reducing drafts by sealing areas of air infiltration.
- Installing "Low Flow" shower heads and faucet aerators.
- Installing energy efficient light bulbs.
- Ordering a onetime thorough cleaning, tuning, and minor repairs to your heating system.
- In some cases insulation may be added to walls, attic, and floors.
- Emergency furnace repair and replacement when funding permits.

HOW TO APPLY FOR WEATHERIZATION

- Complete a Fuel Assistance or Electric Assistance Application.
- Your Fuel Assistance application is a dual application and is also used to apply for weatherization.
- Answer "YES" to the question on the Fuel Assistance application that asks, "Are you interested in receiving weatherization services?"

WHO IS ELIGIBLE FOR WEATHERIZATION ASSISTANCE?

- If your fuel assistance application lists your FPG (Federal Poverty Guidelines) at or below 200% you also qualify for Weatherization.
- Homeowners, Mobile home owners and Renters are all eligible to apply for Weatherization.
- If your home has been weatherized by our Weatherization Program after September 1994 it cannot be weatherized again.
- Eligibility is determined by income (with priority given to the elderly, handicapped, and families with children under 6).
- Renters must have the landlord's permission to be weatherized.
