Unemployment Benefits

The Federal CARES Act was enacted Friday, March 27th. This includes an additional \$600 per week for all individuals filing in New Hampshire until July 31st. It also provides an additional 13 weeks of eligibility on top of the existing 26 weeks. We expect these new benefits to be available very soon and have been working around the clock to implement as quickly as possible. Please continue to file your claims and check this website for updated information. There is nothing you need to do to access these new benefits other than continue to file your weekly claims.
