WHO IS ELIGIBLE FOR WEATHERIZATION ASSISTANCE?

1. If you qualify for the Fuel Assistance Program, you might also qualify for the Weatherization Program. Homeowners, Mobile homeowners and renters are eligible. Renters must have landlord’s permission and a signed Landlord Tenant Agreement (LTA).
2. If your home has been weatherized by our program before, it may not be eligible for weatherization. This applies even if you did not live there when the work was done.

HOW TO APPLY FOR WEATHERIZATION

1. Complete the Fuel Assistance Program application. Your Fuel Assistance application is also used to apply for Weatherization. Answer yes to the Weatherization question. If you qualify for Fuel Assistance only when the income guidelines were increased, you may not be eligible for Weatherization.
2. Have your landlord sign the LTA on the back of this sheet. If you yourself are the owner, sign both lines, that of the tenant and that of the Landlord/Owner.

WHAT HAPPENS NEXT?

After we have received your completed Fuel Assistance Program application along with the Landlord Tenant Agreement on the back of this form, your name will be added to the waiting list if you are income eligible. Help is granted first to the elderly and disabled households and to those with high energy costs and low incomes. We will contact you by phone when we are able to weatherize your home. For most, the wait could be longer than one year. Certification of this application is good for one year only. If your home has not been weatherized, you must re-apply again in the next Fuel Assistance Program year. The owner of the building must sign the other side of this form for us to be able to put your home on our list.
